Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 29 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Turning brighter and warmer from the south.

Today:
A cloudy start with the chance of some patchy outbreaks of light rain. Turning brighter into the afternoon with sunny spells developing from the south. Winds gradually easing through the day and becoming rather warm. Maximum temperature 16 deg C (61 deg F).

Tonight:
During the evening and overnight it remains dry with prolonged clear spells. A chilly night with the risk of a few fog patches. Minimum temperature 1 deg C (34 deg F).

Tuesday:
Lengthy sunny spells throughout the day and feeling warm for the time of the year. Chance of some cloud at times in the far northwest. Light winds. Maximum temperature 21 deg C (70 deg F).

Outlook for Wednesday to Friday:
Sunny spells on Wednesday but turning cloudier later with perhaps a spot of rain. Colder on Thursday and Friday with sunny spells and the risk of an overnight frost.
